YEAR 9 CONTRIBUTIONS

Dear Parent/Guardian

There are two types of Contributions:

- General School Contributions
- Subject Materials Levy.

General School Contributions are voluntary contributions. They are extremely important to the effective running of the teaching and learning programs that we provide at Ashfield Boys High School. The school uses these contributions to purchase additional library books, teaching resources and computer software, hardware to improve the education our students receive.

Subject Materials Levy is used to buy resources used by students in practical classes. These include wood, electronics, paint, food, paper and clay. Materials that are used and consumed in elective classes must be paid for (or provided) by the student, parent or caregiver. All families were advised of subject contributions before elective classes were selected.

If you are experiencing financial hardship please contact the Deputy Principal to discuss this. All family contact with the school regarding contributions will be treated confidentially.

Please do not hesitate to contact the school on 9798 6620 if you wish to discuss these matters.

Mr D. Hopwood
Principal
