### MAN VERSUS HISTORY COMES TO ASHFIELD BOYS

The annual history day at Ashfield Boys' High School will take on a new twist this year. Whereas past years have had a total focus on a post war decade in Australia, this year will be a celebration of history in general. History Head Teacher Mr Radojevic said "Not being restricted to a single decade has allowed the History Faculty to revamp the day and there will be plenty of surprises"

The morning assembly is shaping up to being a fast paced multi faceted celebration of the study of history. Planning is well underway to deliver an engaging and informative assembly.

The middle of the day will see the History Faculty throw down the challenge to year 10 to compete in the inaugural ASHFIELD BOYS' HIGH SCHOOL HISTORY IRON MAN. Faculty will set up a series of intellectual and physical challenges across a range of stations. Students will be called upon to use their historical skills to earn points. A final will then be held just before lunch.

Mr Radojevic said "This is an original Ashfield Boys' High School initiative and it is all about having fun whilst learning. The challenges will be interactive."

The whole school will then gather for the traditional rock concert in the afternoon.

The day will be held in week 8.
