PRINCIPAL'S REPORT

There are two separate fundraising activities being organised by the P&C at the moment. As we are a polling station for the New South Wales state election on Saturday, the P&C are holding a barbecue, sausage sizzle and other goodies. If you are in the area to vote it be great if you could drop in and lend them your support. I'm sure that they are also still looking for volunteers to help out at the barbecue. If you can lend them a hand that would be great.

The P&C have also organised a movie night for 5 April. This is been advertised widely around the school, in Ashtag and also an email was sent out to all families this week. The movie night is as much a social as a fundraising activity and it would be great if you can get behind this.

SRC REPORT MARCH 2019

The Ashfield Boys High School Senior Leadership Team had the pleasure in hosting our own Prefect Afternoon Tea on Friday 8th March 2019. Many schools from around the Inner West and Greater Sydney Region attended, and it was great to hear a large amount of positive feedback from all the Senior Leaders who attended. Activities included icebreakers and trivia which proved to be successful in helping form new friendships and collaborate on new ideas. On behalf of all the Prefects at Ashfield Boys High School we would like to thank Ms Marks and Ms Belle-Page for all the support and guidance in the organisation of the event. Please enjoy the attached photos.

The SRC has also organised Anti-Bullying messages to be read out during roll call classes by members of the SRC. In the upcoming weeks students will be informed about facts regarding bullying and its side effects. This sort of campaigning method has been conducted by the SRC regarding all sorts of issues including mental health for RUOK? Day.

YEAR 11 VISUAL ARTS EXCURSION 15 MARCH, 2019 "ART EXPRESS" AT THE ART GALLERY OF NSW

#ASHFIELD

Year 11 Visual Arts had the opportunity to view the Art Express exhibition at the Art Gallery of NSW.

This exhibition showcases the strongest HSC Body of Works from across all NSW schools in 2018.

Seeing the exhibition has allowed the students to determine the standard of work they should aim towards.

The exhibition is designed to assist students with planning and ideas for their own HSC artworks.

ROLL UP! ROLL UP!

Year 9 MAA students rolling a die to investigate the relationship between Experimental probability and Theoretical probability.

Students worked in groups rolling a die 100 times.

In effect, they are demonstrating that observed probability tends towards Theoretical probability given an increased number of trials.

APPLES OR ONIONS

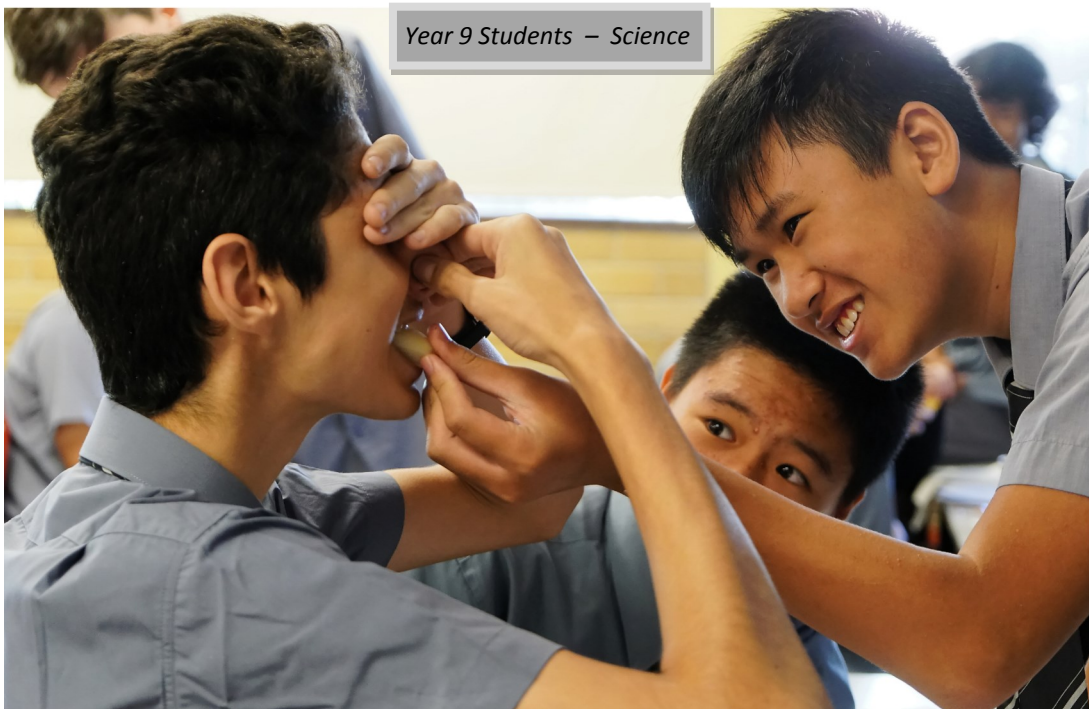

Did you know? 80% of your taste sensation comes from your olfactory receptors (nose).

No wonder food does not taste anywhere as nice when you have flu.

Students performed a taste challenge, to rely only on papillae (taste buds) to distinguish between onion and apple. Without a sense of sight or smell, most students had to guess if it was an onion or apple they were tasting.

Kids to try at home: close your eyes and pinch your nose; it makes the experience of eating an onion much more pleasant!

THE CHAIR OF LITERATURE

As part of our focus on literature, 10C has had the opportunity to read from the chair of literature.

This term the focus has been on poetry as Year 10 started their program with a close study of a poet and for 10C the study was of the poetry of Alfred Lord Tennyson.

To engage with literature and, this term poetry in particular, the boys had to find a favourite poem of quality and do a reading from the chair.

This has been successful as we have heard poems by Emily Dickinson, Robert Frost and Neruda to name a few of the world's great poets which the boys have shared.

The chair of literature is a focus point to begin each lesson. The purpose is to share literature and to get the boys to focus, share works of art they like and appreciate. It is also about developing language skills through literature.

As their teacher, it is a homage to Nancie Atwell who won the Global Teacher Prize in 2015 for her lifelong work teaching literature to young people

The screenshot shows the NSW Health website with a yellow header. The main heading is "SAVE THE DATE TO VACCINATE" with a hand pointing to the date. The page content includes a navigation menu, a breadcrumb trail (Home > Immunisation Programs > Vaccination for young adults aged 17-19 years), and a main title "Vaccination for young adults aged 17-19 years".

- 'Save the Date' Campaign Brochures
- Vaccine Order Forms

Key facts

- now is a great time to check that you've had all your vaccinations so that you're protected while you study, work or travel.
- free catch-up vaccines are available from your GP as long as you start your vaccinations before you turn 20.
- vaccination is **safe and effective**.

Not sure if you've had all your vaccinations?

The Australian Immunisation Register (AIR) records all childhood vaccinations given since 1996 and provides Immunisation History Statements on request, including information about any missing vaccinations. You can request an Immunisation History Statement at any time.

- using your Medicare online account through [MyGov account](#)
- using your [Medicare Express Plus App](#)
- calling the AIR General Enquiries Line on 1800 653 809

To check your adolescent vaccinations (usually given at school), call your local public health unit on 1300 066 055. We're working to get adolescent vaccination records on the AIR soon so you'll have a complete vaccination history in the one place.

Missing some vaccinations?

Don't worry, free catch-up vaccines are available from your GP as long as you start your vaccinations before you turn 20. Talk to your GP about starting your catch-up schedule to make sure you're fully protected.

Here's a table that lists all the recommended vaccines and the number and interval between doses, depending on your own vaccination history:

Vaccine	Number of free catch-up doses	Interval between vaccine doses
Hepatitis B	3 doses	<ul style="list-style-type: none"> One month between dose 1 and 2 Two months between dose 2 and 3 (there must also be four months between dose 1 and 3)
Human papillomavirus (HPV)	3 doses	0, 2 and 6 months
Measles-mumps-rubella (MMR)	2 doses	4 weeks between doses
Meningococcal ACWY	1 dose	N/A
Pertussis (whooping cough) included with diphtheria and tetanus (dTpa)	3 doses	4 weeks between doses
Polio	3 doses	4 weeks between doses
Varicella (Chickenpox)	2 doses	4 weeks between doses

More information about vaccinations for young adults is available in this [webinar](#).
