Year 11 Assessment – Schedule Summary	50-51
----------------------------------------------	--------------

Year 11 Course Assessment Overview

In order to progress to your Year 12 Higher School Certificate year, you must have completed your Year 11 Course 2020 in any individual subject satisfactorily. The Principal will be asked to confirm that you have satisfactorily completed the Year 11 Course 2019 requirements before your entry for the HSC can be declared valid. Most School Year 11 Courses 2020 will be completed by Term 3, and you will then begin work on your HSC course work which will be included in your HSC examination.

School Assessment

There are some aspects of your courses that cannot be adequately assessed through examinations, such as practical work in Science, Drama, Music and oral work in English. Your school assessments are designed to measure these achievements as well as your achievements in examinations. Your school assessments will measure your actual performance in the whole course. In Year 12, your HSC subject assessment marks are submitted to NESA. Your school assessment marks are worth **50%** of your HSC.

Satisfactory Completion of a Course

To get your HSC in a subject, you have satisfactorily met course requirements. "Satisfactory completion" means that, in the Principal's view, there is sufficient evidence that you have:

- **followed the course** developed or endorsed by NESA;
- applied yourself with **diligence** and **sustained** effort to the set tasks and experiences provided in the Year 11 or HSC course by the school;
- **achieved some** or **all** of the course outcomes;
- attended school regularly so that course completion requirements can be met. As a general rule, an attendance rate of **at least 85%** would be expected.

Pattern of study to qualify for the HSC

To qualify for the HSC you must study a pattern of Year 11 and HSC courses. You must check that your Year 11 pattern of study included:

- at least **12 units** of which **6 units** must be from Board-developed courses;
- at least **2 units** of English

Your HSC pattern of study must include at least **10 units**, including two units of English.

Credentials

The Higher School Certificate is awarded to students who have completed all eligibility requirements.

The Higher School Certificate Record of Achievement is awarded when you leave school.

If you leave school before completing the HSC your Record of Achievement will list any Year 11 Course 2020 which you have completed satisfactorily, but no marks will appear.

School Assessment Tasks

School-based assessment tasks are linked to standards because the tasks focus on outcomes, they are valid instruments for what they are designed to assess, and where appropriate, the marking guidelines are related to the wording of the outcomes and the performance standards.

Each task enables teachers to collect information about the students' achievement in relation to one or several outcomes, to award marks in accordance with marking guidelines, and to provide constructive feedback to students on their performances highlighting their strengths and where they could make improvements. The marks awarded for each task should be commensurate with the quality of the response. Work that shows more complex development and higher order achievement should receive more marks than work that demonstrates a more basic level of achievement.

At the end of each major examination in Year 11 you will be provided with your ranking within the course at that time.

Reports will be available on a regular basis. Each report will indicate your ranking for each course at that time.

Course Assessment Schedule

It is your responsibility to check with the relevant Head Teacher if any areas of the course schedule need clarification, or if you do not have a course assessment schedule for a subject which you are studying.

The course assessment schedule is mandatory and is **not negotiable**. It contains information about the set tasks in each component of your course. The course assessment schedule also informs you of approximately when the various assessment tasks will take place, and tells you the weighting of each task.

The date of each assessment task will be provided by the classroom teacher, **in writing**, at **least two weeks prior to the task**. **Students must sign for their task notification**.

If a student is absent on the day an Assessment Task Notification is handed out, it is the student's responsibility to find their teacher or Head Teacher of the faculty to receive and sign for the Notification on the student's first day of return to school

University Entry

The Australian Tertiary Admission Rank (**ATAR**) is calculated from the best 10 units in Board

Developed Courses subject to the following restrictions.

- at least 2 units of English must be included
- at least 3 Board Developed Courses of 2 units value or greater must be included
- courses from at least 4 subjects must be included
- at most, 2 units of Category B courses may be included

The List of Category B Courses

1. Hospitality- Kitchen Operations (240 hours)

Vocational Education and Training (VET) Courses

Vocational Education and Training (VET) courses are offered as part of the Higher School Certificate (HSC) or Record of School Achievement (RoSA). VET courses are designed to deliver workplace-specific skills and knowledge and cover a wide range of careers and industries. VET courses for secondary students are developed by the NSW Education Standards Authority (NESA) and are based on national training packages.

VET courses allow students to gain both HSC or RoSA qualifications and a qualification recognised throughout Australian as part of the Australian Qualification Framework (AQF). These qualifications are widely recognised by industry, employers and tertiary training providers e.g. TAFENSW and Universities and will assist students to move easily between various education and training sectors and employment.

Public Schools NSW, Ultimo operates as a Registered Training Organisation (RTO) to deliver and assess VET qualifications to secondary students.

It is mandatory for all students studying a VET course to create a Unique Student Identifier (USI). Students will require a form of identification, such as a Medicare Card, Birth Certificate, Driver's License or a valid passport for the creation of the USI.

Board Developed VET courses are classified as Category B subjects and ONLY ONE may contribute to the calculation of the Australian Tertiary Admission Rank (ATAR). These courses have an optional HSC examination. Students wishing to include a VET course in the ATAR calculation must sit the HSC examination.

Board Developed VET courses have specified workplace requirements and include industry specific mandatory work placement (35 hours per 120 hours of delivery) or occasionally simulated workplace hours at school.

Board Endorsed VET courses do count towards the HSC or RoSA but do not have HSC examinations therefore do not count in the calculation of the ATAR. Board Endorsed VET Courses have either mandatory or recommended industry specific work placement.

Assessment in all VET courses is competency based. The student is assessed on what they can do (the skills) and what they know (the knowledge) that will equip them in the workplace. Students who have successfully achieved competency will have the skills and knowledge they need to complete workplace activities in a range of different situations and environments, to an industry standard of performance that is expected in the workplace.

Competency-based training is based on performance standards that have been set by industry. Competency-based assessment materials are designed to determine if each learner has achieved all the outcomes (skills and knowledge). Students will receive documentation showing the competencies achieved for the VET course undertaken.

If the student has already completed part of the course elsewhere, or have previous life or work experience in the relevant industry, he or she may be eligible for Recognition of Prior Learning (RPL) for part of the course, or for 35 Hours work placement in the HSC course. The student does not have to repeat the training or assessment but must produce evidence of competence (which may be demonstrated during a skills and knowledge assessment). The VET committee consisting of the VET teacher, VET Coordinator and a member of the senior executive will determine if the student is eligible.

If a student has completed a unit of competency with another RTO and the student can supply evidence of the same or an equivalent competency, credit transfer is awarded (common examples include a white card course, first aid certificate or a barista course).

Due to the specific requirements of a VET course it is recommended students speak to the VET Coordinator or Careers Adviser before choosing the course to ensure they are fully aware of the requirements.

Assessment whilst on Work Placement

If a student is required to complete an assessment whilst they have work placement, it is the responsibility of the **student to notify the Head Teacher** of this once they have received their Work placement student records. Student should use the form Appendix F to complete this process.

Failure to do so will result in the student receiving zero mark for the scheduled assessment.

RoSA (Record of School Achievement)

A credential for school leavers

TVET

TVET students must carry 14 units and demonstrate continued attendance and have applied themselves with diligence and sustained effort before they can drop to 12 units.

ESL students

Stage 6 ESL students must complete 2 units of Fundamentals of English for the Year 11 Course 2020 in addition to their 12 units, therefore carrying 14 units. Fundamentals of English does not continue into Year 12.

- Students who leave school in Year 11 and satisfy eligibility requirements for the RoSA, will receive the formal credential – RoSA.
- Students who leave school and are not eligible for a RoSA will receive a Transcript of Study at their departure. The Transcript of Study contains the same information as the RoSA for courses satisfactorily completed.
- All students have access to a record of their courses studied and their grades through Students Online.

While formal RoSA credentials are for school leavers, Year 11 students will be able to access their results electronically and print a transcript of their results.

Illness and Misadventure

Student attendance before an assessment task

Students must be **present for the whole school day** and **attend all timetabled lessons**. Failure to do so will result in a zero mark.

Student is absent from an assessment task due to illness

If a student is sick and cannot attend on the day of the task or date a task is due, the student is to:

- **complete an illness/misadventure form** (Appendix A), with an attached doctor's certificate, and present it to the Head Teacher on the **first day of return** to school.
- The doctor's certificate should state the students full name and state that (students name) 'was unfit to attend the assessment task on (date)

(e.g. – *John Brown was unfit to attend the assessment task – English Standard Multimodal Task on 24/04/20.*) This must be from a Registered Medical Practitioner with a

Medicare Provider Number. Post-dated doctor's certificates will not be accepted. The task **must be submitted at this time** if it is a hand in task or an appropriate time is **negotiated** to complete the task with the Head Teacher for examinations and oral presentations.

Student is absent due to a misadventure

Misadventure refers to an event beyond the student's control which allegedly prevented the student from attending the assessment task or school on the date a task was due.

Following failure to complete an assessment task at the due time, the student is to:

- **notify the school by phone** on 9798 6620 on the day of the task or as soon as possible following this date.
- **submit an illness / misadventure form** (Appendix A), with appropriate supporting documentation, to the head teacher on the **first day of return to school** to negotiate alternative arrangements. The task must be **submitted at this time if it is a hand in task** or an appropriate time is negotiated to complete the task with the Head Teacher for examinations and oral presentations.

An extension of time may be provided or a mark may be awarded based on a substitute task. Where there is no valid reason for not completing an assessment task, a zero mark will be recorded for that task.

Students who complete the assessment task and suffer illness/misadventure

Students may lodge an illness / misadventure appeal in writing if they believe that circumstances **immediately prior to or during the assessment task**, which were beyond their control, significantly diminished their assessment performance.

In such cases, students need to **complete the Illness/ Misadventure appeal form (Appendix A) and provide documentary evidence** such as doctor's certificate, clearly detailing and supporting the illness or misadventure. The provision of such documents does not dictate the outcome of the appeal.

Students should submit this appeal to the Head Teacher on the next day they return to school.

Hand-In tasks

Hand-in tasks should be submitted to the classroom teacher **or if class teacher is absent the Head Teacher** as specified on the notification of the assessment task on the due date and during the allocated lesson time and sign off that they have handed in, or completed the task.

Alternatively if a student is absent due to illness or misadventure then an illness/misadventure form accompanied by appropriate supporting documentation i.e. medical certificate and the assessment task should be submitted to the teacher/Head teacher on the **first day that the student returns to school.**

If an assessment task is submitted late, and there is no successful illness / misadventure appeal, students will receive a zero for that task. Students should still submit the task to gain necessary feedback.

Oral Presentations

Oral presentations should be submitted to the teacher/faculty as specified on the notification of assessment. A copy of the oral presentation must be submitted on the due date, generally being the first day that the speeches begin, during the lesson time.

A zero mark will be awarded if the task is submitted after the allocated lesson time unless an illness and misadventure form is submitted with the appropriate supporting documentation such as a medical certificate.

Technology and assessment tasks

Technology and / or computer equipment failure are not valid grounds for misadventure involving the late submission of assessment tasks.

To assist students in the utilisation of technology, the following guidelines should be considered:

- always complete work before the deadline. This enables appropriate measures to be taken in the event of equipment failure.
- Back-up files regularly.
- Print out copies of drafts and keep them while the assignment is in progress.
- Bring a copy of the file to school by either email, USB, CD.
- Email the task to yourself

Appeals Surrounding the Assessment Procedure

Grounds for an appeal

The appeal concerning assessment procedures may only be based on the assessment process and not on individual student related issues such as illness or misadventure.

While a teacher may choose to review the mark allocated for a task or part of a task, the professional judgment of a teacher is not grounds for an appeal.

Appeals Process

When a student feels that a decision applied to his work is not consistent with the school's assessment

policy and procedures he may appeal. The **first appeal MUST be to the Head Teacher.**

Where a student feels that the appeal to the Head Teacher has not been heard appropriately, he may appeal to the Deputy Principal/ Principal to determine if:

- the weightings specified by the school in its assessment program were followed and conform with the Board's requirements as detailed in the syllabus;
- the procedures used to determine the final assessment marks conform with the issued assessment program; and,
- there are no computational or other clerical errors in the determination of the assessment mark.
- A written appeal must be lodged to the Deputy Principal within 7 calendar days of the previous appeal to Head Teacher.
- The Appeals Committee will comprise of the Deputy Principal, and two Head Teachers from different faculties.
- If the student feels that the Appeals Committee has not given procedural fairness, then the student can lodge an appeal with the Principal.
- At all times, when lodging an appeal, the student is entitled to have a support person present.
- While a teacher may choose to review the mark allocated for a task or part of a task, the professional judgement of a teacher is not grounds for an appeal.
- If the student is concerned about their rank for any or each subject, then they follow the procedures listed in the flow chart. (Appendix D)

If not satisfied with the school's decision, a student may make a subsequent appeal to NESA. NESA will consider only whether the weightings, the procedures and the correct computations were made as detailed in the dot points above. There is no appeal against the marks awarded for individual assessment tasks.

Academic Integrity

NESA has strict requirements concerning the integrity of ownership of work submitted. These are mirrored by the school's expectations. All work presented in assessment tasks and examinations (including submitted works and practical examinations), must be your own.

Defining Malpractice

Malpractice is any activity undertaken by a student that allows them to gain an unfair advantage over others or places other students at a disadvantage. It includes, but is not limited to:

- presenting it as one's own
- using material directly from books, journals, CDs or the Internet without reference to the source

- building on the ideas of another person without reference to the source
- buying, stealing or borrowing another person's work and presenting it as one's own
- submitting work to which another person, such as a parent, coach or subject expert has contributed substantially
- copying someone else's work in part or in whole, and
- using words, ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material
- breaching school examination rules
- using non-approved aids during an assessment task
- not making a genuine effort with an assessment task
- contriving false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.
- Students are advised that they should acknowledge input from another student or teacher or tutor within their bibliography and that copies of previous tasks by other students are kept as records for future years.

Strategies to ensure the authenticity of student responses to tasks.

All students entering stage 6 studies will have completed The HSC: All My Own Work program designed to help students to follow the principles and practices of good scholarship. This includes understanding and valuing ethical practices when locating and using information as part of their HSC studies.

Strategies that teachers can use:

- thoroughly briefing all students in relation to the requirements of each task
- allocating class time to the planning of a response to a task
- requiring that students maintain a process diary or journal to show how their response or project or work was developed
- asking students to submit a task at critical points in its development
- having students submit their original drafts in addition to their final work
- incorporating student oral presentations on the progress of their work
- communicating clearly to students the extent of teacher, or other expert or outside, involvement permitted in the development of the work.

Misconduct in formal examinations and other assessment tasks

Misconduct during any task or formal examination may be regarded as malpractice. **Zero marks may be awarded to students who are involved in**

misconduct during an examination or other assessment tasks. Misconduct refers to any form of behaviour or activity that may fall under the definition of malpractice, is not consistent with school rules or causes disruption to assessment procedures.

All class tasks including formal examinations must be attempted seriously. **Non-serious attempts** or offensive language in answers will be referred to the Head Teacher and/or the Principal / Deputy Principal and may be awarded a zero mark for that task.

Managing Issues of Malpractice

Issues of malpractice need to be investigated by the Head teacher and in more serious cases reported to the Principal / Deputy Principal.

Where the malpractice is serious and where penalty or zero mark is to be awarded, the student will be advised of the issue and the school's intention to manage a course of action. The student will be given an opportunity to appeal the outcome of this decision.

Students are made aware that sharing / showing their hand-in task to other students prior to it being submitted may lead to issues construed as malpractice and lead to a zero mark for that task. Students are encouraged not to share the substance of a hand-in task with other students. Likewise, students who may receive a substitute task through an appeal outcome are not to make any effort to gain knowledge, wording or content of the original task.

NESA Register of Malpractice in the Year 11 Course & HSC Assessment Tasks

Types of malpractice in the Year 11 Course & HSC assessment tasks may include, but are not limited to:

- Being in possession of unauthorised notes or electronic devices during a test or examination.
- Using the words, ideas, designs or workmanship of others without acknowledgement.
- Copying from another student.
- Paying someone to write or prepare an assessment task.

All incidents of malpractice will be registered at the school and entered onto the NESA malpractice register.

Equipment at Examinations/Tasks:

- No electronic devices (excluding NESA approved calculators) are permitted in assessments and the examination room.

- Students are advised not to bring phones or electronic devices to the exams. If they do bring them, they are to place their phones in a supplied envelope before they enter the exam room. This envelope will be collected by the supervising teacher and handed to the deputy. Students will be able to collect their devices from the deputy at the end of the exam. In the case where the deputy is not available, students will have to wait for their return or collect their device the next day.
- Students must ensure they have the necessary equipment to assessments. Students are not permitted to borrow equipment during examinations.
- Pencil cases and study notes must not be in possession of students in the exam room.
- All papers, questions, booklets and answers must be handed in at the end of each exam.
- Students must not take into the examination room any books, notes, this guide, the examination timetable, any paper or any equipment other than the equipment listed in the examination timetable
- No responsibility will be taken for the safekeeping of any unauthorised material or equipment in bags or surrendered to Supervisors before or during the examinations.

Course Requirements: N Award Process

Satisfactorily completing the course

A student will be considered to have satisfactorily completed a course if, in the Principal's view, there is sufficient evidence that the student has:

- followed the course developed or endorsed by NESA,
- applied himself/herself with diligence and sustained effort to the set tasks and experiences provided the course by the school; and,
- achieved some or all of the course outcomes.

Student Attendance

It could be determined by the Principal that prolonged or frequent absence has prohibited a student from meeting these requirements. Students who are concerned about their attendance with respect to meeting course requirements should discuss this with the Deputy Principal / Principal.

For all absences greater than three days, students are to complete an **Exemption from school form**. These forms are available from the Administration office.

Absences for **overseas or interstate travel** are strongly discouraged and can impact on the student's ability to satisfactorily complete course requirements. Fee-paying international students

may also jeopardise their visas and right to remain in Australia.

Different subjects have different prerequisites, e.g. practical subjects require a set number of hours of practical work. Overseas or interstate travel may have a negative impact on this.

If considering overseas or interstate travel, students are to:

- Explain to their family the impact the travel will have on the Year 11 Course & HSC;
- complete the *Exemption from school* form and attached a copy of the airline ticket;
- **Appendix B Overseas or interstate trips** for each subject studied. This form is to be signed by the head teacher of each subject, parent and year advisor.
- Both forms are to then be submitted to the Principal for approval at least three weeks in advance.

Failure to complete or submit assessment tasks

If a student does not have a valid reason for failing to complete or submit an assessment task a zero mark may be recorded for that task. The student and his parents will be advised, in writing, of this.

Non-serious attempts

Students studying a Year 11 Course must make a **genuine attempt to complete course requirements**. These requirements include students applying themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school, regardless of whether or not these tasks contribute to the final assessment mark. It is a matter for the teacher's professional judgement to determine whether a student has made a genuine attempt to complete these requirements.

Communicating course requirement concerns

Students should receive meaningful feedback in all aspects of their coursework. This may be in the form of marks, grades and/or oral and written comments. Comments may be informed by the performance band descriptions though should they not be reported or graded against these bands. The feedback given for tasks that do not contribute to the final Year 11 Course assessment mark should assist students in preparation for tasks that are part of the Year 11 Course Assessment program.

Students must make a genuine attempt at assessment tasks that, combined, contribute more than 50% of the total assessment marks for that course.

If it appears that a student is at risk of not meeting the internal assessment requirements in a course, a written warning letter must be given to the student and their parents notifying of a potential for an 'N determination' in the course.

The letter will

- advise the student of the issue giving adequate time for the problem to be corrected;
- specifying details of action including a timeframe required by the student;
- alert the student to the possible consequences of an 'N' determination, and
- request from the student and his parent a written acknowledgement of the warning;

If the student is still at risk and is failing to address the issue detailed in the initial letter, a second follow-up warning letter will be issued.

On the first warning letter, a student will be interviewed by the Head Teacher. On the second warning letter, the Head Teacher interviews the student and contacts the parents by phone or interview.

An N determination in a course may place the award of the Higher School Certificate in jeopardy and the individual course will not appear on the students' Record of Achievement.

See N determination flowchart (Appendix E)

Disability Provisions for Examinations

NESA may provide disability provisions for students in the School Certificate and Higher School Certificate examinations.

NESA may approve disability provisions if a student has a special need, which would, in a normal examination situation, prevent him from:

- reading and interpreting the examination questions and/or
- communicating his responses.

Principals have the authority to decide on and to implement special provisions for school-based assessments including tests. *ACE Manual 13.1*

Regardless of the nature of the special need, the provisions granted will be solely determined by the implications of that need on the student's functioning in an examination situation. *ACE Manual 13.2*

Disability Provisions at Ashfield Boys High School

Ashfield Boys High will support students seeking disability provisions for their Higher School

Certificate examinations. Where it is appropriate and suitable these provisions will also be offered to the students to complete their internal assessment component.

If a student experiences a one-off incident, which affects his/her examination performance and requires Disability Provisions e.g. a physical injury, the Principal may elect to grant Disability Provisions for an individual task. These provisions will be issued using NESA general guidelines, however, there is no guarantee that NESA will allocate the same provisions.

Ashfield Boys High School will endeavour to provide students with access to Disability Provisions to ensure a fair process for all students. The implementation of Disability Provisions is however restricted by the resources available and remains the decision of the school.

Student responsibilities

Students must make an appointment with the Learning and Support Teacher (LAST) or school counsellor to formalise an application for disability examination provisions. Application forms are available from the LAST team.

Students who have been awarded disability provisions are to check with their class teacher, the arrangements for these provisions for the upcoming task.

Accelerants and Accumulants

Accumulants

In cases of demonstrated need, students may accumulate HSC courses towards the Higher School Certificate over up to five years. The five-year period will commence in the first year the student satisfactorily completes an HSC course.

In the case of an accumulant who is repeating a subject where a major work or project is required, the major work or project submitted and marked in a previous year cannot be resubmitted without the special permission of NESA.

Accelerant Students

In exceptional circumstances, students may accelerate into Year 11 and/or HSC board developed courses in advance of their usual cohort or in less than the NESA stated indicative times. Decisions about the acceleration of Higher School Certificate students will be made by the Principal in accordance with the principles contained in the NESA Guidelines for Accelerated Progression.

Accelerants should complete all assessment tasks that are undertaken by students completing requirements in the normal time frame. However, there may need to be flexibility in the order and timing of assessment tasks.

Assessment tasks for accelerants, where possible, should be either delivered at the same time or in a manner that prevents students being able to communicate the task to each other or put one group at a significant advantage over the other.

Students transferring to the school

For students who commence study at Ashfield Boys High between the commencement of the assessment period and the final date of Higher School Certificate entry, the Principal may request information from the previous school. However, this information will only be used as a guide and will not form part of the assessment mark. This means that the student's Rank Order for each course will be determined on the basis of tasks which have been completed from the time of arrival of the student at the school. Performance in assessment tasks following arrival at the school and teacher professional judgement will be used to determine the final mark for the course.

Senior Study Centre

Ashfield Boys High School values the importance of good study habits in the achievement of potential. The Senior Study Centre is fully staffed Monday to Friday and is open Recess and Lunch. The many resources available to senior students include computers, past examination papers, numerous study guides with student samples of Year 11 Course and HSC answers and examiners' comments.

The Year 11 Higher School Certificate – Some Key Words

NESA has published a glossary of words that will make the demands of questions explicit. Students will be expected to have a clear understanding of what they are required to do in each question in an assessment task or examination.

<i>The following glossary provides the meaning of these words as they generally apply across subject areas.</i>			
Word	Definition	Word	Definition
Account	Account for: state reasons for, report on. Give an account of: narrate a series of events or transactions	Distinguish	Recognise or note/indicate or distinct or different from; to note differences between
Analyse	Identify components and the relationship between them; draw out and relate implications	Evaluate	Make a judgement based on criteria; determine the value of
Apply	Use, Utilise, employ in a particular situation	Examine	Inquire into
Appreciate	Make a judgement about the value of	Explain	Relate cause and effect; make the relationships between things evident; provide why and/or how
Assess	Make a judgement of value, quality, outcomes, results or size	Extract	Choose relevant and/or appropriate details
Calculate	Ascertain/determine from given facts, figures or information	Extrapolate	Infer from what is known
Clarify	Make clear or plain	Identify	Recognise and name
Classify	Arrange or include in classes/categories	Interpret	Draw meaning from
Compare	Show how things are similar or different	Investigate	Plan, inquire into and draw conclusions about
Construct	Make; build; put together items or arguments	Justify	Support an argument or conclusion
Contrast	Show how things are different or opposite	Outline	Sketch in general terms; indicate the main features of
Critically analyse/evaluate	Add a degree or level of accuracy, depth, knowledge and understanding, logic, questioning, reflection and qualify to (analyse/evaluation)	Predict	Suggest what may happen based on available information
Deduce	Draw conclusions	Propose	Put forward (for example a point of view, idea, argument, suggestion) for consideration or action
Define	State meaning and identify essential qualities	Recall	Present remembered ideas, facts or experiences
Demonstrate	Show by example	Recommend	Provide reasons in favour
Describe	Provide characteristics and features	Recount	Retell a series of events
Discuss	Identify issues and provide points for and/or against	Summarise	Express concisely the relevant details
		Synthesise	Putting together various elements to make a whole
